Dear Parent/Carer,

Online Payments with Call Parents

We are looking at a more convenient way for you to pay for school-related items online, using a secure service linked with our **Call Parents** service (text and email system).

In order for this system to work you would have to keep the school office up to date with your mobile phone number and email address.

Secure payments online using your credit or debit card

The payments service allows you to make payments 24 hours a day, 7 days a week, using the most secure technology. Be assured, your details are not kept within Call Parents' database at any point.

Making payments

We will be able to send you details of payments for trips or fees, you simply need to follow the link and key in your details. Once payment has been attempted, you will receive a receipt of the status of your payment. It is all handled securely by Pay360, which is a subsidiary of CAPITA. We will be able to see the details of the payment made (except for your card details - for security). However there is a **transaction fee of 28p for each transaction** you make so this would be added onto the amount you owe.

If you are interested in this new payment scheme can you please complete the slip below. If enough parents are interested then we will go ahead with this but you will be able to continue to do cash payments as well.

Regards

Joanne Kirk
Office Manager
