

NEWSLETTER w/e 18th September 2020

Dear Parents and carers,

All the children seemed to have settled back into the school routine and are working really hard. The atmosphere around school is lovely and there is a real buzz in classrooms. There are some fabulous pieces of work being produced some of them are displayed around the school. The children are particularly enjoying the forest schools sessions and we hope that every child will be able to access these at some point during the year.

There are some photos of some of the work the children have been doing and some of the classroom environments at the end of this letter.

The cyber heroes course begins on Tuesday and is delivered via Zoom. This is a really good opportunity to learn how to keep your children safe online. Please let the office know if you would like to join.

Thank you for complying with our efforts to keep everyone safe and I hope you find the latest arrangements more convenient in terms of the time you have to wait. Can I remind you to maintain 2metre social distancing whilst on the playground and at the school gates. This is particularly important if you have to speak to another parent or a member of staff.

The photographer will be in school on Monday. As I said previously, unfortunately we will not be able to accommodate family groups this year. All the photos will be individual. Children need to wear their school uniform as no classes will be doing PE that day.

Home learning

We already have several children isolating due to Covid symptoms and this has been made worse by the difficulties with testing. We are anxious that children don't miss out on their school work, so we are trying to improve children's access to learning at home. We will be sending out a short survey next week to provide us with the information to help make our provision the best it can be.

Have a lovely weekend.

Best wishes
